

Information and Orientation Day

The Faculty of Material Sciences is organizing an Information and Orientation day dedicated to students on :

Wednesday 07, May 2025 at 10:00

at the Physics and Chemistry department .

The day will cover the following topics:

1) Presentation of the Physics and Chemistry tracks
for first year (**L1**) students

2) Presentation of the bachelor's spécializations in
physics and chemistry for second year (**L2**) students

3) Presentation of the Master's spécializations in
physics and chemistry for third year (**L3**) students.

*** Students will be assisted in their choices by the
academic advisors of the respective tracks and specializations.**

4) Students are required to submit their completed
preference forms to the Physique and Chemistry departments no later
than: **Thursday 29 Mai 2025**
